EXPERIENCE

Campus Community Manager

TinkerHub Foundation • Internship • June 2021-Present

- TinkerHub Foundation is a group of Tinkerers, Students, and Professionals.
- I am primarily responsible for onboarding new campuses as TinkerHub Campus Community.
- Organized events such as Campus Connect, TinkerDay, and the Innovation Catalyst Workshop.
- I spoke to over 100 students on "Why Tech Community?" and discussed why they should be a part of a Tech Community and build their skills while in college.

ACHIEVEMENTS

Founder • TinkerHub SIAS

- TinkerHub SIAS is a tech community dedicated to skill development through peer-to-peer learning and networking, as well as assisting students in obtaining their dream tech job.
- As the founder and Ex Campus Lead, I was in charge of the entire community, which included giving students more opportunities to learn and grow.
- Through Bootcamps and Workshops, I have mentored over 50 students in Python and Web Development.

Community Outreach • Pygrammers

- I work for Pygrammers, a Python enthusiast group in Kerala, India.
- Responsible for administering social media accounts such as Instagram, LinkedIn, and Facebook Pages in order to promote Python and Python-related events throughout the world via LinkedIn, Facebook, and Instagram.
- With over 30 daily watchers, I went Instagram Live as part of Brown Bag Session, showcasing student developers to motivate the audience.

Co-Founder • Techsias

- Techsias is a group of communities that bridge the gap between industry and academia.
- As a part of Techsias, I managed a variety of teams and events, including 7-Day Bootcamps and Mini Hackathons, which impacted over 30 students.
