### ABOUT

I'm a student developer, community evangelist, team player, and leader who is passionate about technology learning and sharing. I'm also a Kerala-based Bachelor of Computer Application student. I am fluent in Malayalam (my mother tongue) and English, as well as programming languages such as Python, Kotlin, and C. I recently began studying the Swift programming language. I'm also a Front-End Designer with some HTML, CSS, and Bootstrap experience. Reading and writing blogs are two of my favourite pastimes. I also enjoy networking with others because I enjoy meeting new people with similar interests to mine.

### SKILLS

Python C HTML CSS

Bootstrap Kotlin Swift

Leadership Team Management

### EDUCATION

Bachelor of Computer Application

Safi Institute of Advanced Study

July 2019-March 2022

### CGPA: 6.75

Activities: To provide students with the most up-to-date industry experience, Formed TinkerHub SIAS and Co-Founded Techsias. SIAS's core team member for the Innovation and Entrepreneurship Development Centre (IEDC). Also a volunteer for the National Service Scheme (NSS Unit 202).

### EXPERIENCE

#### Campus Community Manager

TinkerHub Foundation • Internship • June 2021-Present

- TinkerHub Foundation is a community of Tinkerers, Students and Working Professionals.
- As a Campus Community Manager, I mainly worked on Onboarding new Campuses as TinkerHub Campus Community
- I was part of organising in several events like Campus Connect, TinkerDay, Innovation Catalyst Workshop(ICW) etc.

### ACHIEVEMENTS

#### Founder • TinkerHub SIAS

- TinkerHub SIAS is the Campus Chapter of TinkerHub Foundation in SIAS. It is a tech community who believes in Skill enhancement through peer-to-peer learning, networking with peers, and help students to land to their dream tech job.
- As a founder I mainly handled the entire community, bringing students more opportunities to learn and grow.
- I mentored Campus Team and taught 15+ students Python, conducted mini hackathons and Bootcamps extends upto one month.

#### Community Outreach • Pygrammers

- Pygrammers is a community of Python Enthusiasts in Kerala.
- I mainly handles Community Outreach, handling social media like Instagram, LinkedIn and Facebook Pages. Creating contents in collaboration with Tech Team and Content Team for community outreach.
- I introduced Pythonpedia series(Weekly series to boost up your knowledge about python programming.) also hosted Live Instagram Session(Brown Bag Session)

#### Co-Founder • Techsias

- Techsias is a Tech Community in Safi Institute of Advanced Study(SIAS). We are a group of communities who bridge gap between industry and academics.
- As part of Techsias I handled different teams and events like 7 Day Bootcamps and Mini Hackathons.
