SHAHEEM PP

Python Developer

Kerala, India | +91 62389 05298 | shanofficial2000@gmail.com | https://shaheem-pp.web.app

ABOUT:

I'm a Python developer, community advocate, team player, and leader who is passionate about technology and building a culture of tech learning on college campuses. I've been working as a Django Developer on many personal projects for the past six months.

WORK EXPERIENCE:

TinkerHub Foundation

Campus Community Manager | June, 2021 - Present

- Managed 60+ campuses around Kerala and organized activities such as Campus Connect and Innovation Catalyst Workshops. 100+ students were mentored on the necessity of a Tech Community on Campus.

PROJECTS:

Shareio

Personal Project | July, 2022 - Present

- People may login and post photos with descriptions, as well as offer likes to photographs they enjoy. A simplified version of Instagram.
- Tech: Django, HTML, CSS, Bootstrap, PostgreSQL
- GitHub Repo: https://github.com/shaheem-pp/share_io

Explore Bikes

Academic Project | December, 2021 - March, 2022

- It is an E-Commerce site done as part of Academic Project
- The user may book a vehicle, book a service, and view available vehicles and other amenities.
- Tech: Django, HTML, CSS, Bootstrap, MySQL
- GitHub Repo: https://github.com/shaheem-pp/Explore-Bikes

Daybook

Mini Project | February, 2022 - March, 2022

- Daybook is a diary writing website with a login and sign up page that was created as part of the Co-Coder event by TinkerHub Foundation.
- For diary entries, a Markdown editor was implemented.
- Tech: Django, HTML, CSS, Bootstrap, SQLite3
- GitHub Repo: https://github.com/shaheem-pp/diaryProject

EDUCATION:

2019 - 2022 | Safi Institute of Advanced Study (Affiliated by Calicut University)
Bachelor of Computer Application | **CGPA: 6.2**

SKILLS:

- Python
- Django Framework
- Front-end Desinging
- Program and Team Management
